INTERNET POINT-OF-CARE CME OVERVIEW

CSurgeries Video Library | Jointly Provided by CineMed and CSurgeries

Release Date: January 29, 2025 **Expiration Date:** December 31, 2028

Hardware / Software Requirements

- An internet connection speed of at least 4 Mbps and a modern browser.
- Modern browsers have a built-in PDF reader, which is necessary to view your completion certificates.

Activity Description

Internet Point-of-Care (POC) learning is an approved CME activity in which the clinician engages in self-directed, online learning on topics relevant to their clinical practice. The desired outcome of this activity is that in asking clinical questions at the point of care that can be answered using electronic resources, clinicians will see a change in their knowledge, competence, or performance that can be applied to their practice. This activity is designed to facilitate quality improvement through self-directed learning.

Steps of the Internet Point-of-Care Process

1. Identify a question for research related to your clinical practice.
2. Research your question by accessing the video library.
3. Identify the relevant sources among those consulted.
4. Complete the POC credit and evaluation form.
5. Submit the form, earning 0.5 *AMA PRA Category 1 Credit*™ for each query.

Target Audience

This Internet Point-of-Care activity is designed for surgeons, nurses, and physician assistants.

Learning Objectives

At the conclusion of this activity, learners should be able to:

- Discuss the clinical decision making and current technique.
- Explain the results of the technique.
- Describe patient safety considerations and strategies for avoiding problems and complications.
- Identify ways to embrace new products and devices while ensuring the safety of patients.

Activity Goal

This activity is designed to address the following core and team competencies: practice-based learning, patient-centered care, medical knowledge, and evidence-based practice.

Disclosure

The accredited provider adheres to accreditation requirements regarding industry support of continuing medical education. Disclosure of the planning committee's and faculty's relevant financial relationships is made known to learners prior to the start of the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of off-label, experimental, or investigational uses of drugs or devices in their presentations. All employees, activity planners, and content reviewers have indicated that

they have no relevant financial relationships to disclose. All relevant financial relationships have been mitigated.

Non-Endorsement Statement

The accredited provider verifies that sound education principles have been demonstrated in the development of this educational offering as evidenced by the review of its objectives, teaching plan, faculty, and activity evaluation process. The accredited provider does not endorse or support the actual opinions or material content as presented by the speaker(s) and/or sponsoring organization.

Accreditation

In support of improving patient care, this activity has been planned and implemented by CineMed and CSurgeries. CineMed is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CineMed designates this internet point-of-care activity for a maximum of 20 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physicians may claim up to twenty (20) credits per year through Internet POC learning activities. Each viewed video submission is accredited for 0.5 credits.

All other healthcare professionals will receive a Certificate of Participation. For information on the applicability and acceptance of Certificates of Participation for activities designated for *AMA PRA Category 1 Credit(s)*™, consult your professional licensing board.

A certificate will be issued once the learner has reached a total of 20 credits or has determined that additional searches for credit will not be completed.

Commercial Support

This activity is being offered independent of industry support.
